

WE'LL BE OPENING VERY SOON... PLEASE REVIEW OUR SAFETY POLICIES.

OUR SAFETY PLAN. Please be symptom free and considerate of others if you are not feeling well or have possibility of exposure. Everyone must answer screening questions about recent illness or fever. See below for CDC Self Checker.

We are asking all customers to wear their own masks for their safety and for the safety of staff. Staff will wear masks and gloves during all treatments. Social Distancing will be structured for all customers, and scheduling will limit individuals entering as per the State and County Guidelines.

We will take your temperature when you arrive and if it is abnormal, we will be unable to perform any services or treatments. Please come ALONE to your appointment. No friends or children please. We follow all CDC guidelines to ensure safe services for customers and staff.

Sincerely,

The Solei Medspa Team

UNTIL WE ARE OFFICIALLY OPENED... STAY HEALTHY AND STAY BEAUTIFUL.

please visit [cdc.gov](https://www.cdc.gov) for more information and join the cause to prevent the spread of the corona virus:

- There is currently no vaccine to prevent coronavirus disease 2019 (COVID-19).
- The best way to prevent illness is to avoid being exposed to this virus.
- The virus is thought to spread mainly from person-to-person.
- Between people who are in close contact with one another (within about 6 feet).
- Through respiratory droplets produced when an infected person coughs, sneezes or talks.
- These droplets can land in the mouths or noses of people who are nearby or possibly be inhaled into the lungs.
- Some recent studies have suggested that COVID-19 may be spread by people who are not showing symptoms.
- Cover your mouth and nose with a cloth face cover when around others
- Everyone should wear a cloth face cover when they have to go out in public, for example to the grocery store or to pick up other necessities.
- The cloth face cover is meant to protect other people in case you are infected.
- Do NOT use a facemask meant for a healthcare worker.
- Continue to keep about 6 feet between yourself and others. The cloth face cover is not a substitute for social distancing.
